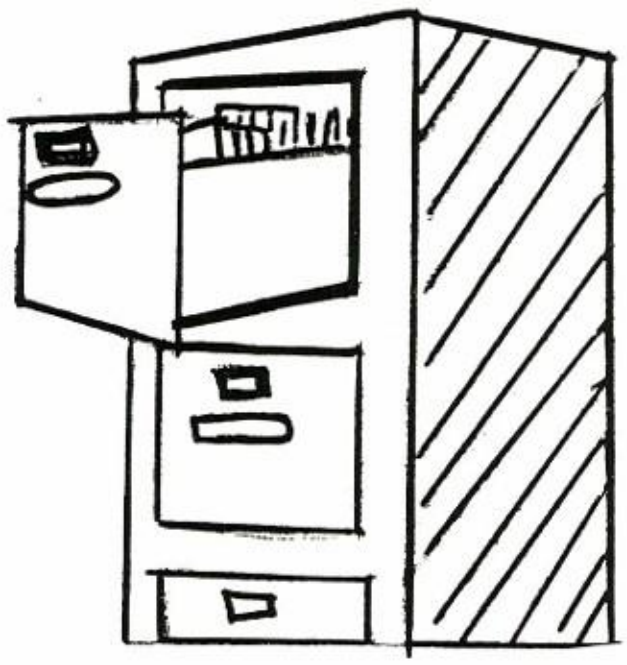
Administrative Comments—



Denham Springs High School exists primarily for the benefit of the boys and girls of the community which it serves. The types of people, their vocations and interests, their tendencies and prejudices, their abilities, their hopes and prospects regarding the future, their customs and habits are different from those of other communities. The school should be aware of this uniqueness but every school community inevitably is interrelated with other communities and is a part of larger communities, the state, the nation, and the world. Denham Springs High School is aware of its role and has adapted its general philosophy and specific purposes to incorporate the larger communities of which it is a small but integral part.

French

President--Gayle Underwood; V. President--Gail Annison; Secretary & Treasurer--Gwen Causey; Sponsor--Mrs. Patsy Palmer.

The purpose of Les Amis de France can be grouped under three headings. First, we work to encourage the use of French outside of the classroom. During the year we have several planned activities which aid this purpose. Among these are the singing of French carols at Christmas time and the presentation of a French play at school. Second, we try to promote a general interest in foreign language. Third, we want to increase our understanding of French culture, so we plan to travel to New Orleans in the latter part of the year. We will visit a French restaurant and the well-known French quarters in New Orleans.

My Dearest Chris,
We have finally made it. (It took us long enough !!) I just hope this isn't the end for us. Chris, you have been the best friend I have ever had. You have stayed by me through everything.
I hope that all your problems turn into nothing but happiness, because you deserve everything of it.
Chris, I'll always now what a good thing we had. We wouldn't let you out of this right for a minute. We should be real proud of you. Love,
I'll never forget all the good and bad times we have shared together. You know, to think of it we have shared just about everything, even our "battles".
Remember the day we turned it in early headed all of sudden?, and we had home from school for it.
Boy we did some "tall" c------ing" in Senior Math didn't we? But--- we passed.
I sure do hope that you and Will can get all your problems straightened out, so you can hurry up and get married.
I hope that since we are now out of school it doesn't ruin our friendship. I always want you near me so I will have someone to talk with and cry with. And share all my happiness with. I don't know what I'll do without you and Gloria.
Chris you and Gloria have been the greatest, we never had, but wished I could have them with us.
May all your dreams and wishes come true, may your future be as bright and happy as your present is now. (Except for one thing you will always be single like me.) Love ya, Sylvia Collie FINGER Bell

"RAN OUT OF ROOM"

Chris, (Christopher)

It's been so much fun this year, I just can't say it in words. Well, it looks like we're here but we still have an awful long time to go. If we ever get that diploma, I ~~has~~ hope we have many more good times yet.

Chris, I want to wish you the best that life has to offer. You have the ability to take whatever it is. Best of luck in landing a husband (Wilburn) and family you can be proud of.

Remember all the good times we've had in Math and American History class. And please, whatever you do, don't forget "our right out." We've had so much fun this year and I guess in a few days we'll find out what all that fun brought us.

Let's not forget each other now Chris, we still have a long life to go and a good friendship to share.

Don't ever lose your sense of values, Chris, I do believe that and your heart alone make you just as sweet as you could possibly be.

Love Always
Mrs. John W. James

Chris, please try to understand about John Wayne and I. We need the encouragem
of all the friends we can get.

Remember the day we were
supposed to get a graduation
dinner at Kennedy's free?
Gloria sure was sure of
herself, wasn't she.
